# P220®

## .45 CALIBER POWER HARNESSSED BY SWISS ENGINEERING

The P220 promotes peace of mind by seamlessly blending power with reliability. Astonishing out-of-the-box accuracy, excellent ergonomics, and exceptional dependability have long made the P220 the gold standard for large caliber, double-action, semi-automatic pistols.

### P220 STAINLESS ELITE

*trigger:* DA/SA SRT™  
*sights:* Post & dot contrast or SIGLITE® night sights  
*slide finish:* Natural stainless  
*frame finish:* Natural stainless  
*calibers:* .45ACP  
*features:* Beavertail frame  
Integral accessory rail  
Front cocking serrations  
Custom wood grips

### P220

*trigger:* DA/SA, DAK™ or SAO  
*sights:* Post & dot contrast or SIGLITE night sights  
*slide finish:* Nitron®  
*frame finish:* Black, hard coat anodize  
*calibers:* .45ACP  
*features:* Integral accessory rail

### P220®

*trigger:* DA/SA, DAK™ or SAO  
*sights:* SIGLITE® night sights  
*slide finish:* Natural stainless  
*frame finish:* Black, hard coat anodize  
*calibers:* .45ACP  
*features:* Integral accessory rail

### P220 COMPACT

*trigger:* DA/SA  
*sights:* Post & dot contrast or SIGLITE night sights  
*slide finish:* Nitron®  
*frame finish:* Black, hard coat anodize  
*calibers:* .45ACP  
*features:* Integral accessory rail  
Short slide, short frame

### .22LR Rimfire Conversion Kit

Enjoy the fit and feel of your P220 while shooting inexpensive rimfire ammunition with the .22LR Conversion Kit. The kit includes a slide, barrel, recoil spring, and magazine. Simply field strip your P220 and reassemble it with the kit's parts.

### P220 CARRY

*trigger:* DA/SA, DAK or SAO  
*sights:* Post & dot contrast or SIGLITE night sights  
*slide finish:* Nitron  
*frame finish:* Black, hard coat anodize  
*calibers:* .45ACP  
*features:* Integral accessory rail  
Short slide, full size frame

### CPL-RM Compact Pistol Laser-Rail Mount

The CPL-RM is a compact, lightweight rail-mounted laser, available in both red and green. The CPL-RM integrates pinpoint accuracy and rapid target acquisition with intuitive operations in a form-fitting package that weighs only 1.1 oz.

Contrast type, low profile sights are mounted in dovetail slots for adjustment or replacement.

- Accessory rail is now integral to all P220 models.
- Compact models enhance the concealability of the proven P220 design.

SIGSAUER.COM

# P226®

## THE STANDARD BY WHICH ALL CONTEMPORARY SIDEARMS ARE MEASURED

The P226 became the most esteemed full size, high-capacity pistol from the moment it was introduced. Time has only enhanced its reputation. The P226 distinguishes itself in the hands of special forces, law enforcement professionals, and discriminating citizens with uncompromising performance when it counts the most.

A green TRUGLO® fiber optic, front sight combines with a SIGLITE night sight rear unit for effective target acquisition under any condition.

SIGSAUER®

Model Specifications: see pages 50-51

### .22LR Rimfire Conversion Kit™

The Rimfire Conversion Kit comes complete with a machined, anodize, aluminum slide, recoil spring assembly, barrel, and magazine. Installation only requires field stripping of the pistol and reassemble with the kit's components.

# P239®

## THE CLASSIC P239

The P239 takes the design excellence of the P229 and scales it down to create an ideal conceal carry or back-up pistol. Shorter dimensions and a single-stack magazine contribute to a thinner, more discrete profile, without sacrificing caliber choice. Available in 9mm, .357SIG, and .40S&W, it's a SIG Classic without compromise.

**P239 TACTICAL**  
*trigger:* DA/SA SRT™  
*sights:* SIGLITE® night sights  
*slide finish:* Nitron®  
*frame finish:* Black, hard coat anodize  
*calibers:* 9mm  
*features:* Threaded barrel (13.5 x 1 mm LH)  
Front cocking serrations

**Roto Retention Holster**  
This durable, contoured, black, polymer holster features an easy-to-use release system, fully adjustable for cant. Just press the lever and remove the pistol.

9mm threaded barrel, 13.5 x 1 mm LH thread. • The P239 was designed for concealment. Nonetheless, it doesn't sacrifice features or handling.

**P239® SAS™ GEN II**  
*trigger:* DA/SA SRT™  
*sights:* SIGLITE® night sights  
*slide finish:* Nitron®  
*frame finish:* Black, hard coat anodize  
*calibers:* 9mm, .357SIG or .40S&W  
*features:* Radical dehorning (frame & slide)  
Custom Shop logo engraved on slide

**P239**  
*trigger:* DA/SA, DAK™  
*sights:* Post & dot contrast or  
SIGLITE night sights  
*slide finish:* Natural stainless  
*frame finish:* Black, hard coat anodize  
*calibers:* 9mm, .357SIG or .40S&W  
*features:* Slim profile

**P239**  
*trigger:* DA/SA, DAK  
*sights:* Post & dot contrast or  
SIGLITE night sights  
*slide finish:* Nitron  
*frame finish:* Black, hard coat anodize  
*calibers:* 9mm, .357SIG or .40S&W

SIGSAUER®

## SHARED FEATURES

- Nitron-coated or natural stainless steel slide
- Black, hard coat anodize, aluminum or natural stainless, steel frame
- Ergonomically designed, smooth rounded, snag-free edges with ultra slim profile.
- Available SIGLITE night sights
- European-style heel magazine release
- Hogue finger grooved rubber grips
- 4-point safety system with decocking lever, patented automatic firing pin safety block, safety intercept notch, and trigger bar disconnecter.

## OPTIONAL ACCESSORIES

- P232 Paddle Holster with Magazine Pouch
- Slim fit, ergonomic polymer grips

Visit [sigsauger.com](http://sigsauger.com) for complete P232 line  
Model Specifications: see pages 50-51

Comfortable Hogue finger groove rubber grips. • The P232 is small enough to easily conceal, but big enough to easily grasp.

# P290™

## INTRODUCING THE PERFECT DEFENSE

Subcompact design, lightweight polymer frame, and drift-adjustable sights make the newest SIG SAUER® family member an outstanding selection for a concealed carry or back-up duty pistol for the armed professional. Upgrades can include additional **personalized grip inserts**, (wood, aluminum, or polymer) and a unique, custom-fitted laser aiming module.

**NEW P290**  
*trigger:* DAO  
*sights:* SIGLITE® night sights  
*slide finish:* Nitron®  
*frame finish:* Polymer  
*calibers:* 9mm  
*features:* Integrated laser module  
Ultra compact form factor  
Replaceable grip inserts

**290-ILM Integrated Laser Module**  
The 290-ILM is a high intensity red laser that quickly attaches to the P290. Compact and lightweight, the 290-ILM provides a targeting solution that looks as good as it performs.

The optional Integrated Laser Module enhances the capabilities of the P290. • SIGLITE night sights are drift adjustable.

**NEW P290™**  
*trigger:* DAO  
*sights:* SIGLITE® night sights  
*slide finish:* Natural Stainless  
*frame finish:* Polymer

**NEW P290**  
*trigger:* DAO  
*sights:* SIGLITE night sights  
*slide finish:* Natural stainless  
*frame finish:* Polymer  
*calibers:* 9mm  
*features:* Ultra compact form factor  
Replaceable grip inserts

**P290 Grip Inserts**  
Grip inserts are easily changed, providing unlimited options.

## SHARED FEATURES

- Double-action only
- Locked breech mechanism
- Hammer fired
- Nitron-coated or natural stainless steel slide
- Advanced polymer frame
- Drift adjustable SIGLITE night sights
- 6+1 capacity

## OPTIONAL ACCESSORIES

- Concealment Holster
- Replacement Grips Inserts (wood, aluminum, G10)
- 290-ILM Integrated Laser Module
- 8rd Extended Magazine

Visit [sigsauger.com](http://sigsauger.com) for complete P290 line Model Specifications: see pages 50-51

# P250®

## EVERYTHING CHANGES - EXCEPT THE QUALITY

“One out of many” is America’s motto, but an apt motto for the P250 would be “many out of one.” That’s because the P250 can be converted into dozens of configurations to suit the needs and fit the hands of virtually any shooter. With a modular fire control assembly that can be dropped into an assortment of grip module/slide combinations in four different calibers, the P250 can become almost any pistol you need it to be.

**P250 SUBCOMPACT**  
*trigger:* DAO  
*sights:* 3-dot contrast or SIGLITE® night sights  
*slide finish:* Natural stainless  
*frame finish:* Polymer  
*calibers:* 9mm, .357SIG, .40S&W, or .45ACP  
*features:* Slim, snag-free profile

**P250 SUBCOMPACT**  
*trigger:* DAO  
*sights:* 3-dot contrast or SIGLITE® night sights  
*slide finish:* Nitron®  
*frame finish:* Polymer  
*calibers:* 9mm, .357SIG, .40S&W, or .45ACP  
*features:* Slim, snag-free profile

**P250® COMPACT**  
*trigger:* DAO  
*sights:* 3-dot contrast or SIGLITE® night sights  
*slide finish:* Nitron®  
*frame finish:* Polymer  
*calibers:* 9mm, .357SIG, .40S&W, or .45ACP  
*features:* Integral accessory rail

**Takedown in Seconds**  
1. Make sure the pistol is unloaded.  
2. Remove the slide assembly.  
3. Remove the takedown lever.  
4. Pull back on the hammer, remove the fire control assembly.  
5. Ready to reassemble.

**P250 FULL SIZE**  
*trigger:* DAO  
*sights:* 3-dot contrast or SIGLITE® night sights  
*slide finish:* Nitron  
*frame finish:* Polymer  
*calibers:* 9mm, .357SIG, .40S&W, or .45ACP  
*features:* Integral accessory rail

**Fire Control Assembly**  
The stainless steel fire control assembly contains the parts that actuate the pistol and are contained as a single, modular unit that can be moved from one grip module to another.

Slide mount manual safety available as an option. • Ambidextrous slide catch lever and reversible magazine catch. • New X-Grip® extended magazines increase capacity.

## SHARED FEATURES

- Reversible magazine catch
- Ambidextrous slide catch lever
- Double-action only with consistent 6.5 lb. trigger pull
- Modular system allows easy conversion between full size, compact, and subcompact models
- Three different grip sizes to fit any hand size (full size and compact models).
- Available in 9mm, .357SIG, .40S&W, and .45ACP

## OPTIONAL ACCESSORIES

- Short trigger
- Reduced Reach Trigger
- STL-900L Tactical Light/Laser
- Roto Retention Paddle Holster
- Double Magazine Pouch
- X-Grip® Extended Magazines

Visit [sigsauger.com](http://sigsauger.com) for complete P250 line Model Specifications: see pages 50-51

### P250 Caliber X-CHANGE™ Kit

Everything you need to exploit the P250 modularity and to reconfigure the pistol to any one of three size models, full size, compact, or subcompact. The kit includes a slide, barrel, recoil spring, medium grip module, and magazine and is available in 9mm, .357SIG, .40S&W, and .45ACP.

# SP2022®

## A PROVEN POLYMER DESIGN

The SP2022 was the first member of the renowned SIG SAUER® family of polymer frame pistols, and has earned the respect of both law enforcement and military professionals. An accessory rail integrated with its durable, lightweight, polymer frame gives the SP2022 excellent tactical versatility. And, its unique fire control unit makes it easy to maintain.

**NEW SP2022**  
*trigger:* DA/SA  
*sights:* Post & dot contrast or SIGLITE® night sights  
*slide finish:* Nitron®  
*frame finish:* Poylmer  
*calibers:* 9mm, .357SIG or .40S&W  
*features:* Integrated accessory rail  
 Modular fire control unit  
 Interchangeable grip assemblies

**CPL-RM Compact Pistol Laser-Rail Mount**  
 The CPL-RM is a compact, lightweight rail-mounted laser, available in both red and green. The CPL-RM integrates pinpoint accuracy and rapid target acquisition with intuitive operations in a form-fitting package that weighs only 1.1 oz.

**NEW SP2022**  
*trigger:* DA/SA  
*sights:* Post & dot contrast or SIGLITE® night sights  
*slide finish:* Nitron®  
*frame finish:* Polymer  
*calibers:* 9mm, .357SIG or .40S&W  
*features:* Integrated accessory rail  
 Modular fire control unit  
 Interchangeable grip assemblies

**SP2022 Modular Fire Control**  
 The modular fire control unit is self-contained and can be quickly replaced for ease of maintenance.

**NEW SP2022**  
*trigger:* DA/SA  
*sights:* Post & dot contrast or SIGLITE night sights  
*slide finish:* Natural stainless  
*frame finish:* Polymer  
*calibers:* 9mm, .357SIG or .40S&W  
*features:* Integrated accessory rail  
 Modular fire control unit  
 Interchangeable grip assemblies

## SHARED FEATURES

- Nitron-coated or natural stainless steel slide
- Advanced polymer frame
- Integrated accessory rail
- Modular fire control unit
- Interchangeable grip assemblies
- 4-point safety system with decocking lever, patented automatic firing pin safety block, safety intercept notch, and trigger bar disconnecter.

## OPTIONAL ACCESSORIES

- Reduced Reach Trigger
- Roto Retention Paddle Holster
- CPL-RM Compact Pistol Laser-Rail Mount

Visit [sigsauger.com](http://sigsauger.com) for complete SP2022 line  
 Model Specifications: see pages 50-51

Integrated accessory rail is standard. • Slide mounted manual safety available as an option.  
 • Multiple grip sizes ensure a more ergonomic fit.

# P238®

## REDEFINING CONCEALMENT

Since its introduction, the P238 has redefined the role of a .380ACP caliber pistol for personal protection or as a back-up gun. Slim and light-weight with drift adjustable sights, concealed carry doesn't get any better. Now available in a whole host of new models, the P238 offers unmistakable quality in an all metal pistol.

### P238 Extended Magazine

The extended magazine for the P238 combines a **7rd magazine tube** with the ergonomically designed X-Grip® magazine adapter, providing additional control and increased capacity.

THE ULTRA COMPACT, DEFINING A LEGEND

The legendary 1911 design has been brought into the 21st century with the refinements demanded by today’s shooters. The SIG SAUER® 1911 proves that close tolerances equal complete reliability and need not be incompatible in an off-the-shelf pistol. SIG SAUER has introduced clean, distinct lines that American shooters have embraced, while retaining the crisp trigger pull, classic ergonomics, and exceptional accuracy they expect. New for 2011, **the 1911 Ultra Compact**.

**NEW 1911 ULTRA COMPACT**  
*trigger:* SAO

# COMPETITION SHOOTING

## MAX MICHEL, JR. – CHAMPION

Max Michel, Jr. is Captain of the SIG SAUER® Shooting Team and Manager of Competitive Shooting Activities. He is the only Action Shooter ever to win all eight USPSA Area Championships in the same season, a feat he accomplished in 2010.

Max Michel, Jr. has become a dominant force in the pistol shooting sports. As an international competitor, Michel has represented the United States in the last four International Practical Shooting Confederation (IPSC) World Shoots and returned home each time with team gold medals. He will again represent the nation in Rhodes, Greece at the 2011 World Shoot and anchor the USA's Open Division team. SIG SAUER is proud to be the major sponsor of this outstanding competitor.

In addition to competing in shooting events, as the SIG SAUER Team Captain, Max manages SIG SAUER involvement in the competitive shooting market. These efforts include working with other shooters, match sponsorships, and co-marketing efforts. Max also works with SIG SAUER Product Managers to further strengthen SIG SAUER competitive gun offerings and teaches select shooting courses at the SIG SAUER Academy™ as a member of its prestigious group of highly experienced instructors.

SIGSAUER.COM

### MAX'S RECORD:

<b>2010</b>	
Area 1 Championship	1st Place Overall
Area 2 Championship	1st Place Overall
Area 3 Championship	1st Place Overall
Area 4 Championship	1st Place Overall
Area 5 Championship	1st Place Overall
Area 6 Championship	1st Place Overall
Area 7 Championship	1st Place Overall
Area 8 Championship	1st Place Overall
FL Open	1st Place Overall
LA State Championship	1st Place Overall
Double Tap Championship	1st Place Overall
Kongsvinger Open (Norway Nationals)	1st Place Overall
US Steel National Championship	2nd Place Overall
USSA Pro-Am Open "Pro" Division	2nd Place Overall

Michel's performance in competition promotes the SIG SAUER marque, while his insights aid in the development of everything from hardware to shooting techniques.

# TARGET

## THE LEGEND RETURNS

Competitive from the get-go, the SIG SAUER® Target guns have the features to put you in the winner's circle. Specialized components include factory-tuned triggers, 5" or 6" match grade barrels, unique grips, integral magazine wells, and a host of other unique features.

And, "NEW" for 2011, the return of the **P210 Legend**.

# .22LR PISTOLS

## CENTERFIRE HANDLING, RIMFIRE ECONOMY

Rimfire shooting is fast, fun, and affordable. No one gives you more choices than SIG SAUER®. The line-up now includes a NEW 1911, full-size pistol that lives up to every bit of its 1911 heritage for accuracy and dependability. Full-size Classic models retain all the features of their centerfire counterparts so practice is as inexpensive as it is realistic.

### Mini Red Dot and Bridge Mount Kit

Combines the popular mini red dot sight with a lightweight bridge mount, providing a fast and extremely accurate sighting solution for .22LR pistols. Works well with centerfire models as well.

**NEW 1911-22**

# SIG SAUER® | RIFLES

Combining refined precision with exceptional performance, from practice at the range to personal defense.

# SIG516™

## THE FULFILLED POTENTIAL OF THE AR-15/M16

One of the most tested and proven weapons systems in the world achieves ultimate refinement with the introduction of the SIG516 rifle. With its **short stroke pushrod gas system**, chrome-lined and phosphate-finished, military grade barrel, and adjustable, three- or four-position gas valve, the SIG516 incorporates the most desirable mechanical improvements. Add to these a free-floating, aluminum quad rail forend and barrel and a Magpul® stock and grip, and you have the most advanced, versatile AR-based rifle available.

### SHARED FEATURES

- Short stroke pushrod operating system
- Three- position adjustable gas valve (Four-position optional)
- 5.56 x 45mm NATO
- Free-floating, military grade, chrome-lined barrel
- M1913 Picatinny flat top upper
- 7075-T6 Aircraft grade aluminum upper & lower receiver with hard coat anodize finish
- Free-floating, aluminum quad rail forend
- Multiple sling attachment points
- Accepts most AR type magazines

### OPTIONAL ACCESSORIES

- Mini Red Dot 1x optical sight
- G-LAD Green Laser Aiming Device

Visit [sigsauger.com](https://www.sigsauger.com) for complete SIG516 line Model Specifications: see pages 52-53

# SIG716™

## FAMILIAR HANDLING, UNFAMILIAR POWER

SIG SAUER® has taken the proven features of the SIG516™ and applied them into a potent AR-based rifle chambered in 7.62 x 51mm. Utilizing the **short stroke pushrod operating system**, an M1913 Mil-Std rail, free-floating barrel, aluminum quad rail forend, telescoping stock, and Magpul® PMAG®, the SIG716 is the rifle of choice when you require the power of a larger caliber carbine.

The Magpul® ACS® stock is quickly adjustable and has storage for batteries, while the MIAD® grip offers the ergonomic modularity to achieve the proper firing grip. • Ambidextrous controls make the SIG716™ easy to use for the left- or right-handed shooter.

- NEW SIG716 PATROL**
- action:* Semi-automatic
  - operating system:* Short stroke pushrod/adjustable gas valve

Harris® Bipod

Some models are shown with optional accessories that are not included, and models are subject to change.

# SIG556®

## THE LEGEND CONTINUES

The SIG556® product line now includes a growing number of tactical configurations for optimum performance in diverse situations. The addition of the SIG556® Patrol and Patrol SWAT blends the accuracy of a 16" barrel configuration and a shorter gas system resulting in faster target acquisition. The P556® gives the shooter a SIG556 Patrol or SWAT in a pistol version. Additionally, both the SIG556® Classic and Patrol rifles are available with aluminum quad rails or polymer handguards.

- SIG556 PATROL SWAT**
- action:* Semi-automatic
  - operating system:* Gas piston, rotating bolt
  - caliber:* 5.56 x 45mm NATO
  - stock:* Folding / telescopic
  - forend:* Alloy quad rail
  - upper receiver:* Steel, Nitron® finish
  - lower:* 7075-T6 aluminum, Hard coat anodize
  - weight w/out mag:* 7.7 lbs
  - length overall:* 36.1"; 34.6" collapsed; 27.1" folded
  - barrel length & twist:* 16"; 1 in 7"
  - magazine:* AR-15 Type, aluminum, 30rd
  - features:* Quad rail forend  
Two-position gas valve  
Available with polymer handguards or aluminum quad rails

**Optional  
AR-15/M16 Magazine**

30rd aluminum magazine with connecting feature.

- P556®**
- action:* Semi-automatic
  - operating system:* Gas piston, rotating bolt
  - caliber:* 5.56 x 45mm NATO
  - forend:* Polymer
  - upper receiver:* Steel, Nitron® finish
  - lower:* 7075-T6 aluminum, Hard coat anodize
  - barrel length & twist:* 10"; 1 in 7"
  - magazine:* AR-15 Type, aluminum, 30 round
  - features:* Ambi safety selector  
Single point sling attachment

- SIG556® CLASSIC**

  - barrel length & twist:* 16"; 1 in 7"
  - magazine:* AR-15 Type, aluminum, 30 round
  - features:* Polymer handguards with optional M1913 rail kit  
Available with polymer handguards or aluminum quad rails

### SHARED FEATURES

- Reduced length gas piston operating rod system for lighter weight
- Two-position adjustable gas valve ensures function in extreme conditions
- Rotating bolt
- Accepts most standard AR type magazines
- 5.56 x 45mm NATO
- Military grade barrel ensures accuracy and durability
- Industry standard 1/2" x 28 TPI muzzle thread with A2 flash suppressor
- Folding/telescopic stock
- Multiple sling attachment points

### OPTIONAL ACCESSORIES

- Mini Red Dot 1x optical sight
- SIG556 rifles are available with polymer handguards or aluminum quad rails
- STL-300J STOPLITE® Tactical Light and Laser
- G-LAD Green Laser Aiming Device

Visit [sigsauger.com](http://sigsauger.com) for complete SIG556 line Model Specifications: see pages 52-53

Gas volume is regulated by a two-position valve that practically eliminates carbon build-up and firing residue, ensuring reliable function under the most extreme conditions. • Folding/telescopic stock.

# SIG556® RUSSIAN / DMR / SIGSCM™

## TACTICAL PRECISION

For 2011, SIG SAUER® is offering several variants to its tactical platforms. Leading the way is our new SIG556 Russian, chambered for the widely used 7.62 x 39mm caliber. Using AK-type magazines, the shooter now has a more potent round for small to medium game. Utilizing an 18” hammer-forged barrel and 2-stage trigger, the Designated Marksman Rifle (DMR) is without equal. Rounding out the offerings is the SIGSCM for those sportsmen requiring a fixed stock and target-crowned muzzle.

- NEW SIG556 RUSSIAN**
- action:* Semi-automatic
  - operating system:* Gas piston, rotating bolt
  - caliber:* 7.62 x 39mm
  - stock:* Folding / telescopic
  - forend:* Polymer

  - features:* Two-stage trigger with over travel stop Harris bipod

## SHARED FEATURES

- Two-position adjustable gas valve
- Rotating bolt
- Military grade barrel ensures accuracy and durability
- M1913 Picatinny rail for mounting optics
- Ambi safety selector

## OPTIONAL ACCESSORIES

- Mini Red Dot 1x optical sight
- M1913 Picatinny rail cover set
- Spare magazines (10, 20 & 30rd)
- G-LAD Green Laser Aiming Device

Visit [sigsauger.com](http://sigsauger.com) for complete SIG556 DMR/SIGSCM line Model Specifications: see pages 52-53

The Magpul CTR stock and cheek riser on the SIG556 DMR provide a comfortable and repeatable fit promoting accuracy. • The SIG556 DMR is fitted with the A2 flash suppressor to minimize muzzle flash.

# SIG522™

## AN UNCOMPROMISING TRAINING TOOL

Nothing improves performance like training, but centerfire ammunition is often prohibitively expensive. That concern is now alleviated by the SIG522. This full-size rifle handles like the centerfire SIG556®, but fires affordable .22LR rimfire ammunition. It includes a durable metal receiver with integrated M1913 rail, folding/telescopic and locking stock, and just as importantly, the SIG522 offers you affordability, familiar handling, accessory interchangeability, and genuine SIG SAUER® quality.

**Mini Red Dot Sight**  
The STS-081 has a parallax-free 1x red dot with 4 MOA reticle, glass lenses with anti-reflex, multilayer coating, and 11 daylight settings.

**SIG522 COMMANDO**  
*action:* Semi-automatic  
*operating system:* Blowback  
*caliber:* .22LR  
*stock:* Folding / telescopic  
*forend:* Polymer handguards  
*upper receiver:* 7075-T6 aluminum, Hard coat anodize  
*lower:* Polymer  
*barrel length & twist:* 16.6"; 1 in 16"  
*magazine:* Polymer, 10 or 25rd  
*features:* "Gas valve" storage cavity  
Multiple sling attachment points  
Available with polymer handguards or aluminum quad rails

**22 SIGSCM™**  
*action:* Semi-automatic  
*operating system:* Blowback  
*caliber:* .22LR  
*stock:* Fixed  
*forend:* Polymer  
*upper receiver:* 7075-T6 aluminum, Hard coat anodize  
*lower:* Polymer  
*barrel length & twist:* 16.6"; 1 in 16"  
*magazine:* Polymer, 10rd  
*features:* "Gas valve" storage cavity  
Multiple sling attachment points

**SIG522™ SWAT**  
*action:* Semi-automatic  
*operating system:* Blowback  
*caliber:* .22LR  
*stock:* Folding / telescopic  
*forend:* Alloy quad rail  
*upper receiver:* 7075-T6 aluminum, Hard coat anodize  
*lower:* Polymer  
*weight w/out mag:* 6.6 lbs  
*length overall:* 35.1"; 33.6" collapsed; 26.1" folded  
*barrel length & twist:* 16.6"; 1 in 16"  
*magazine:* Polymer, 10 or 25rd  
*features:* Ambidextrous magazine catch  
Available with polymer handguards or aluminum quad rails

### SHARED FEATURES

- Reliable blowback operation
- Economical .22LR ammunition
- Integrated M1913 Picatinny receiver rail for mounting optics
- 7075-T6 Aircraft grade aluminum upper receiver with hard coat anodize finish
- Lightweight polymer lower
- Industry standard 1/2"x 28 TPI muzzle thread with AR style flash suppressor
- Folding /telescopic stock
- Multiple sling attachment points

### OPTIONAL ACCESSORIES

- Mini Red Dot 1x optical sight
- M1913 Rail Kit for polymer forends
- Spare magazines (10 and 25 round)
- SIG552 rifles are available with polymer handguards or aluminum quad rails
- 1.75-5X Variable power scope
- 3X Prismatic scope

Visit [sigsauger.com](http://sigsauger.com) for complete SIG522 line Model Specifications: see pages 52-53

Adjustable stock snaps and securely locks into a folded position with a length-of-pull that can be preset by the user. • The SIG522 Commando's Inert Tactical Trainer replicates real world training.

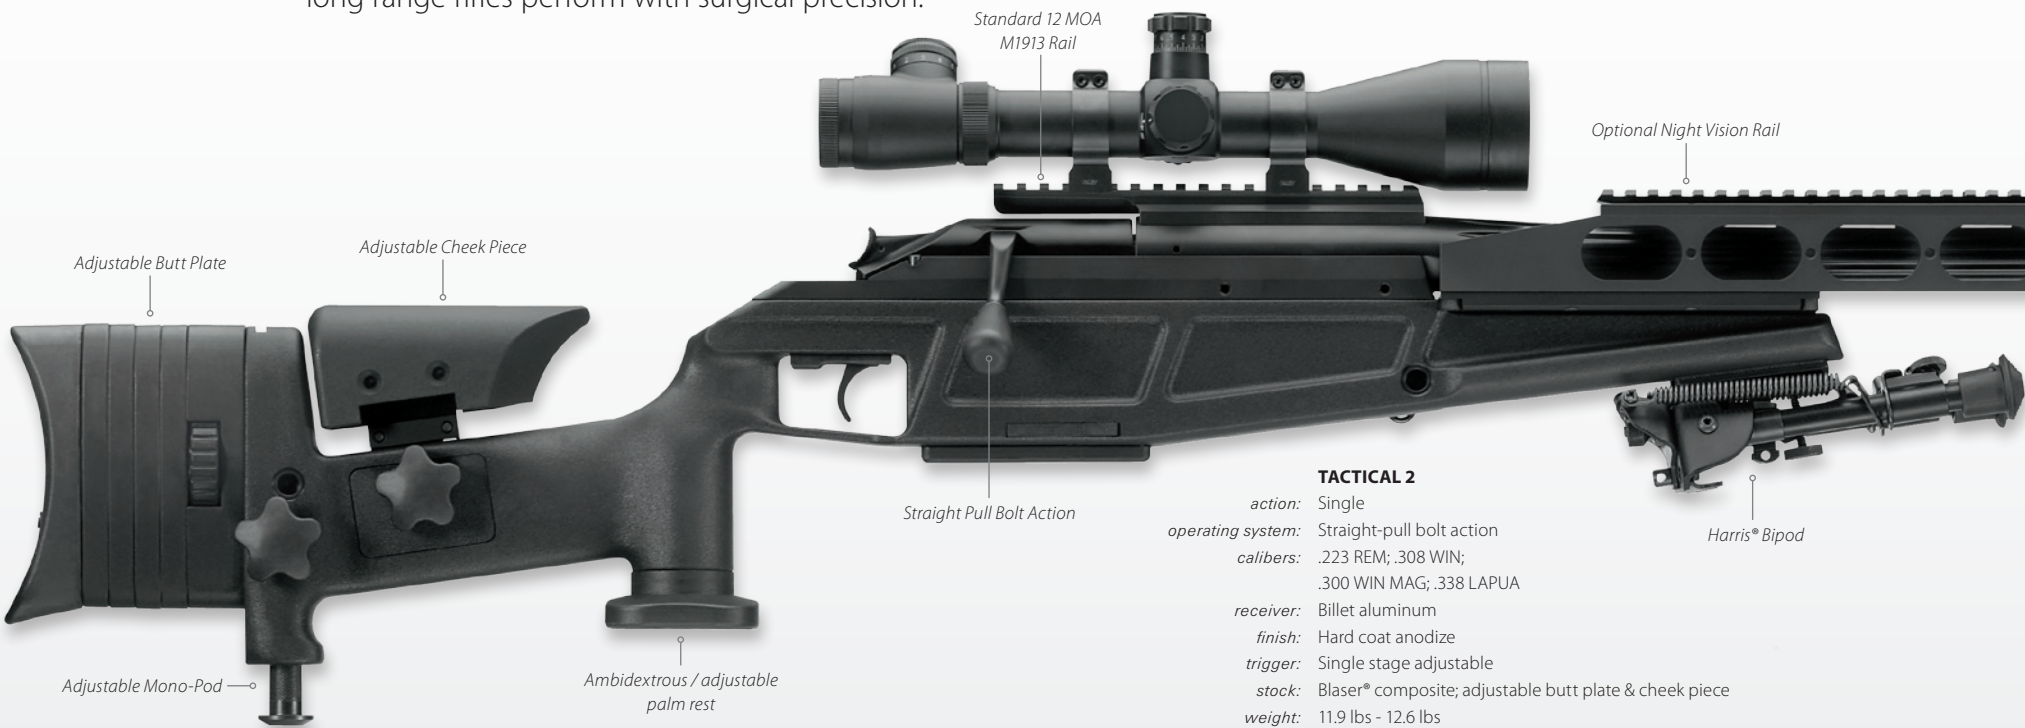

# TACTICAL 2™ / SSG 3000™

## SINGLE-SHOT CONFIDENCE

Proven in the field by professional marksmen around the world, both the Tactical 2, with its straight pull bolt, and the short throw bolt SSG 3000 rifles, are routinely capable of delivering sub-MOA accuracy. Each comes standard with a fully adjustable ergonomic stock, quick and easy barrel interchangeability that maintains a constant zero, and a picatinny rail for accessory mounting. Uniquely engineered and exceptionally rugged, these long range rifles perform with surgical precision.

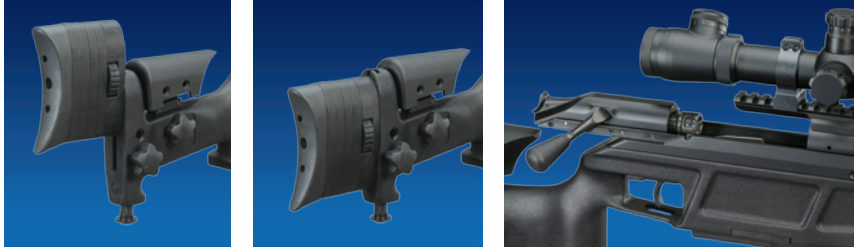

**Simple Caliber Interchangeability**  
With one simple tool, the shooter can reconfigure the Tactical 2 to fire any one of four available calibers

- TACTICAL 2**
- action: Single
  - operating system: Straight-pull bolt action
  - calibers: .223 REM; .308 WIN; .300 WIN MAG; .338 LAPUA
  - receiver: Billet aluminum
  - finish: Hard coat anodize
  - trigger: Single stage adjustable
  - stock: Blaser® composite; adjustable butt plate & cheek piece
  - weight: 11.9 lbs - 12.6 lbs
  - length: 44.5" - 46.9"
  - barrel length: 24.7" - 27.0"
  - magazine: Polymer box
  - features: 360-degree radial locking bolt head  
Caliber interchangeability  
Left or right hand models available

Some models are shown with optional accessories that are not included, and models are subject to change.

The Tactical 2™ rifle's high-tech stock is fully adjustable for length-of-pull and comb height. • The bolt head, with its 360-degree collet, is self-centering, self-headspacing, and locks directly into the barrel.  
• The barrel, bolt head, and magazine can be swapped out to quickly change calibers.

**SSG 3000™ and Tactical 2™**  
**Mirage Bands (Optional)**  
Adjustable, elastic mirage band with quick detachable, metal hooks

- SSG 3000™**
- action: Single
  - operating system: Short throw bolt action, 6 lug
  - calibers: .308 WIN
  - receiver: Machined steel billet
  - finish: Black oxide
  - trigger: Two-stage adjustable
  - stock: McMillan® composite
  - weight: 12.0 lbs
  - length: 46.4"
  - barrel length: 23.5"
  - magazine: Steel box, 5 round

## SHARED FEATURES

- Fully adjustable tactical stock
- M1913 Picatinny receiver rail
- Adjustable trigger
- Flash suppressor/muzzle brake optional on Tactical 2
- User replaceable cold hammer-forged match grade barrels
- Bipod interface
- Sub-MOA performance

## OPTIONAL ACCESSORIES

- Harris® Bipod
- Replacement barrels
- Night vision rail
- Mirage bands

Visit [sigsauger.com](http://sigsauger.com) for complete Tactical 2/SSG 3000 line Model Specifications: see pages 52-53

The SSG 3000 rifle's short throw bolt speeds reloading while the six locking lugs ensure exceptional lock-up strength.

# SIG SAUER ACADEMY™

## WHERE THE PROFESSIONALS TRAIN™

Since 1990, SIG SAUER Academy has been on the leading edge of training for both armed professionals and responsible citizens. Combining classroom theory with live-fire training, the SIG SAUER Academy promotes conflict survival and resolution through both knowledge and skills acquisition

### SIG SAUER ACADEMY COURSES

Experienced professionals and responsible citizens look to SIG SAUER Academy for quality instruction. With the ability to adapt training to suit a particular mission or a student's abilities, SIG SAUER Academy offers a broad selection of training that will make any student a better shooter, guaranteed.

### INSTRUCTOR DEVELOPMENT

The SIG SAUER Academy Instructor certification is a coveted achievement recognized by many state police standards and training boards. Valid for three years, each course allows the student to establish a reproducible training foundation. Instructor certification courses include Force-on-Force, Range Master, Shotgun, AirSoft, Active Shooter, Patrol Rifle, Master Firearms Trainer, and more.

### SKILL DEVELOPMENT FOR ARMED PROFESSIONALS

Select courses were researched and developed by the SIG SAUER Academy to strengthen the armed professional's skill set. Designed to better the daily execution of a professional's responsibilities, these courses focus on skills including close quarters tactics, executive protection and police marksman, as well as operational tactics and techniques.

### SIG SAUER DVDS

SIG SAUER DVDs offer a convenient means of guiding your self-defense training and reinforcing the principles taught at SIG SAUER Academy. The presentations by SIG SAUER professionals will help hone and maintain your tactical skill set.

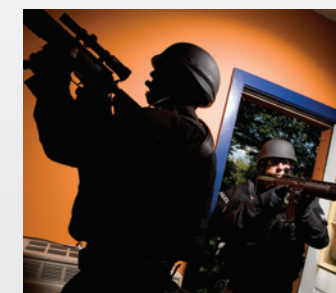

### INTERACTIVE ARMORER INSTRUCTION CDs

These CDs are the latest training tools produced by the SIG SAUER Academy. The comprehensive lessons take viewers through each step of disassembly and reassembly using 3-D graphics. The graphic elements offered throughout the video bring a level of understanding that is rarely achieved by conventional methods of instruction. The viewer can rotate and zoom on any axis for a detailed look at parts and operation. These lessons make for an indispensable reference tool or a valuable refresher following a formal SIG SAUER Academy armorer certification course.

### CONTACT

For more information on the SIG SAUER Academy and a complete listing of courses, visit [www.sigsaueracademy.com](http://www.sigsaueracademy.com) or call (603) 679-2003.

Academy offerings can improve anyone's firearm-handling skills, including tactical law enforcement personnel, responsible citizens, competitive shooters and hunters/outdoorsmen.

# CONVERSION KITS

## MAXIMIZE THE PERFORMANCE

SIG SAUER® conversion kits offer a fast, convenient, affordable way to add to your shooting enjoyment by providing caliber interchangeability. Shoot either centerfire or rimfire, while retaining the feel and performance of your favorite SIG SAUER pistol.

### P250® Caliber X-CHANGE™ Kit

The modular P250 allows you to select any of several centerfire calibers. Just disassemble the pistol and reassemble it with the X-CHANGE Kit's barrel/slide assembly, grip module, and magazine. Kits are available in full, compact or subcompact in 9mm, .357SIG, .40S&W and .45ACP.

#### Features

- Slide (Stainless or Nitron® finish)
- Grip module assembly
- Recoil Spring and Guide
- SIGLITE® Night Sights
- Magazine included

### Centerfire X-CHANGE™ Kit

Add variety to your shooting by converting to a different caliber. Simply swap out your standard slide/barrel assembly and magazine for those of the Centerfire X-CHANGE Kit.

Available in 9mm, .357SIG, .40S&W and .45ACP.

#### Features

- Slide with Nitron® finish
- Recoil Spring and Guide
- SIGLITE® Night Sights
- Magazine included

### .22LR Rimfire Conversion Kit

Converting your pistol to rimfire makes practice affordable while also allowing you to use a familiar gun. Moreover, as a .22LR, it works well for .22LR-cal. bullseye matches and training new shooters. The kit is available for the P220®, P226®, P228® and P229®.

#### Features

- Black anodize aluminum slide
- Recoil Spring and Guide
- Adjustable target sights
- .22LR magazine included

ACCESSORIES

BRIGHT IDEAS AND MORE...

Enhance your firearms with genuine SIG SAUER® accessory products; they retain the same high level of precision and functionality to maximize your shooting experience.

Rotary Diopter Sight

STL-300J STOPLITE® Tactical Light & Laser

An all-in-one unit that combines a vertical foregrip for enhanced control with a laser module for fast, precise aiming and a high-output 700-lumen\* white light. The light aids in low-light target identification or, in strobe mode, is powerful enough to constitute a force option in and of itself.
